Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

• • •	THINKS • • •
PERSONA NAME (Role / User Type)	
DOES •Enters their personal records, income details, and background history into the form. Constantly checks their email and phone for status updates from the bank. Tries to look up their credit score	FEELS •Anxious or worried about getting a rejection mark on their profile. Frustrated by complicated paperwork and slow processing times. Relieved when an AI system gives them an instant, clear eligibility result.
